DR. WISTAR'S BALSAM OF WILD DR. WISTAR'S BALSAM OF WILD CHERRY is a chemical extract of Wild Cherry and Tar. Everybody knows that Wild Cherry possesses important medicinal properties; and Tar Water has always been administered in Consumption and Ling affections generally by our oldest and asfest physicians. Various remedica, it is true, have been offered and puffed into notoriety for the cure of discases of the lungs, and some have been found no doubt very useful, but of all that have yet been discovered, it is admitted by physicians, and all who have witnessed it affects, that none has proved as successful as this. For Asthmar, Shertness of Breath, and similar affections it may be prenounced a positive cure. It has cured Asthma in many cases of 10 and 20 years standing, after physicians had declared the case beyond the reach of medicine.

This Balsam is made from materials which Nature has placed in all Northern lutitudes, as an antidote for diseases caused by cold climates.

"Nature is but the name for an effect, Whose cause is God."

Let us not neglect her plainest dictates.
